Professional Placement Plan

Credited towards a RIMT degree, PPP offers a work placement for certain minimum days per week for certain minimum days per week for a few weeks during semester or an equivalent number of hours over the summer vacation programs. Enrollment into the program or unit of study is selective and only those students who successfully proceed through the selection process are considered for placements.

Job Harmonized Learning

Job Harmonized Learning (JHL) is an integral part of the overall learning experience for students. Under the supervision of a qualified practitioners and suitably experienced supervisors, students seek to apply theoretical and evidence based knowledge, skills and attributes developed in academic study, and build on these through interaction with clients and professional practitioners.

Industry Exposure

Pur students are required to undergo a mandatory academic internships. This ensures that every students has spent enough time working in industry even before graduation. Students work with seasoned professionals in collaborative environment on projects that can help them learn new industries, new skills, and develop additional networking contracts - with the goal of getting hands-on experience to help transition into a new role after graduations.

Since the education system in India does not yield industry ready professionals, the main challenge today therefore, is not to make graduates employable but also ensure that there are more industry ready professionals for better productivity & innovation. This not only helps groom professionals to meet the growing manpower requirements of the industry but exposes students to real corporate environments and work opportunities. Rigorous training is provided with focus on overall career and personality development, enabling them to become future-redy professionals. Our programs provides students with structured industrial training in select industries, offered by experienced trainers for relevant industry exposure, followed by placements in specified industries.
