

**FEEDBACK ANALYSIS & ACTION TAKEN REPORT on DESIGN & REVIEW OF
CURRICULUM
(2017-2018)**

Program Name	Stakeholders Feedback	Feedback from Stakeholders	Action Taken
Bachelor of Science (B.Sc.) (Hons.) Agriculture	Student	Quality and relevance of the courses included into the curriculum	<ul style="list-style-type: none"> As the students mainly belong to Biology background they find analytical subjects quite difficult, but these course are important if the students pursue for M.Sc. or PhD.
	Faculty	Revision of syllabus	<ul style="list-style-type: none"> Revision of the syllabus was done as per the ICAR scheme and syllabus. The scheme and syllabus is as per the Dean's committee report
	Employers / Expert	Does the curriculum include value added courses/soft skill training/domain specific electives for enhancing constructive learning	Introduction of value added courses such as production technology of cereals, fruits, vegetables, & mushroom, beekeeping etc. will inculcate entrepreneurship mindset in students.
Program Name	Stakeholders Feedback	Feedback from Stakeholders	Action Taken
Bachelor of Architecture (B.Arch)	Student	The response of the students shows that the curriculum needs improvement mostly with regards to following points: Assessment on the basis of assignments and quizzes. Relevance of courses in terms of the latest and /or future Technologies. Availability of the text and reference books in the library	Requirements for more text books have been generated in the library Guest lectures, quizzes and workshop has been organized for the students
	Faculty	Development of staff. Curriculum have good academic flexibility and course outcomes are well defined.	<ul style="list-style-type: none"> Opportunities for staff have been provided such as Faculty development Programmes for their performance in a better way. Updating of Course syllabus through BOS meetings from time to time
	Employers / Expert	The university has sufficiently imparted the soft skills, technical skills, analytical reasoning etc.	Activity focuses on the personality development were done to make the students reliable, with a positive attitude and right decision making

Program Name	Stakeholders Feedback	Feedback from Stakeholders	Action Taken
Master of Science (M.Sc) Zoology	Student	inside its students Addition of relevant books in the library Assignment and quizzes need to be conducted. University activities are needed to help students in getting jobs and placements	Relevant books were added in the library Interdepartmental quizzes were conducted. Group projects were carried out. Group assignments were given to students. IQAC organized various training programmes.
	Faculty	The course introduced to enhance directional aspects of course.	As per the feedback received, Board of Studies meeting was conducted and suggestions were approved by the committee.
	Expert / Employer	As the course has been introduced in this session, remaining semester will justify the whole curriculum by addition of more courses in the syllabus that help students enrich their knowledge by addition of carrier oriented subjects.	As per the feedback received, Board of Studies meeting was conducted and suggestions were approved by the committee.
Master of Science (M.Sc) Botany	Student	Addition of relevant books in the library Assignment and quizzes can be conducted Universities activities are needed to help students in getting jobs and placements.	Books are added in Library Assignment and quizzes has been assigned New technologies and methodologies need to be adopted for improving the jobs and placements.
	Faculty	Addition of advance courses in syllabus Adding of the new Skill Enhancement Course for the jobs	Suggestions and feedback reports were forwarded to committee and then, new BOS meeting was conducted. New Skill Enhancement Courses added for Job
	Expert / Employer	Present curriculum would be designed as such that the students can compete in present scenario In present curriculum/courses/syllabi the subjects concerning with critical/analytical thinking should be introduced.	The views and suggestions given by experts were forwarded to BOS committee in this regard.

Master of Science (M.Sc) Microbiology	Student	Lack of relevant books in the library. Degree of ignorance in helping students in getting jobs and placements	Relevant books were added in the library IQAC organized various training programme
	Faculty	The course content could be reviewed and revised.	Feedback given by the subject teachers were forwarded to the committee and resolved.
	Employers / Expert	As the course has been introduced in this session, remaining semester will justify the whole curriculum by addition of more courses in the syllabus that help students enrich their knowledge by addition of skill enhancing courses.	As per the feedback, Board of Studies meeting was conducted and suggestions were forwarded to the committee.
B.Sc Bachelor of Science (Non-Medical) Physics, Chemistry, Maths	Student	1. Strengthening the Library, laboratories and instrumentation facilities to enhance curriculum delivery. 2. Syllabus should be more practical based.	1. University is strengthening the instrumentation facilities, upgrading lab facilities and providing wider as well as remote access to e-books internet facilities 2. Already Practical subjects are there in the curriculum.
	Faculty	1. Students should be provided more opportunities to explore new dimensions of learning 2. New edition of the books are required to purchase	1. As per the suggestion different value added programs were added. 2. New books were purchased in 2018 session.
	Employers / Expert	They suggested some modification in the curriculum	They discussed with the department and resolved the problem
M.Sc Master of Science Physics	Student	1. Strengthening the Library, laboratories and instrumentation facilities to enhance curriculum delivery. 2. Syllabus should be more practical based.	1. University is strengthening the instrumentation facilities, upgrading lab facilities and providing wider as well as remote access to e-books internet facilities 2. Already Practical subjects are there in the curriculum.
	Faculty	1. Students should be provided more opportunities to explore new dimensions of learning. 2. New edition of the books are required to purchase	1. As per the suggestion different value added programs were added. 2. New books were purchased in 2018 session
	Expert / Employer	They felt that the curriculum supports higher learning and applied learning	They showed full satisfaction with the curriculum
