

**FEEDBACK ANALYSIS & ACTION TAKEN REPORT on DESIGN & REVIEW OF  
CURRICULUM  
(2018-2019)**

Program Name	Stakeholders Feedback	Feedback from Stakeholders	Action Taken
Bachelor of Science (B.Sc.) (Hons.) Agriculture	Student	Quality and relevance of the courses included into the curriculum	As students of biology background find analytical based courses difficult but these are relevant for future Masters and PhD courses.
	Faculty	Revision of syllabus	Revision of the syllabus was done as per the ICAR scheme and syllabus. The curriculum is in accordance with the dean's committee report.
	Employers / Expert	How effective is the curriculum in developing analytical and problem solving skills.	Skill based courses have been introduced which are helpful in developing the problem solving skills effectively.
Program Name	Stakeholders Feedback	Feedback from Stakeholders	Action Taken
Bachelor of Architecture (B.Arch)	Student	The response of the students shows that the curriculum needs improvement mostly with regards to following points: Availability of text and reference books in the library. Assessment on the basis of assignments and quizzes.	Requirements for more text books have been generated in the library. For transparency in evaluation system assessment is done on the basis of student's performance in assignments and quiz.
	Faculty	Course content needs to be reviewed to fulfill the need of students.	Updating of Course syllabus through BOS meetings from time to time

  
 Registrar  
 RIMT University  
 Mandi Gobindgarh

Program Name	Stakeholders Feedback	Feedback from Stakeholders	Action Taken
	Employers / Expert	Updating syllabus to add more topics concerning the latest technology.	Adding new topics in the course in relevance to the latest technology.
Master of Science (M.Sc) Zoology	Student	<ul style="list-style-type: none"> <li>• Addition of relevant books in the library.</li> <li>• More activities are needed to help students in getting jobs and placements</li> </ul>	<ul style="list-style-type: none"> <li>• Relevant books were added in library.</li> <li>• Entrepreneurship development programmes were organized.</li> </ul>
	Faculty	No change is needed.	As per the suggestions received, the syllabus was satisfactory and no changes were implemented.
	Expert/ Employer	No change is needed.	As per the suggestions received, the syllabus was satisfactory and no changes were implemented.
Master of Science (M.Sc) Botany	Student	Introduction of New Infrastructure and advanced subjects in Courses. Introduction of latest and analytical courses in curriculum. Technology-based activities needs to be encouraged in University campus.	The suggestions of students were forwarded to University Authority and the BOS committee respectively for the betterment of students. The new technologies-based activities were introduced for improving the jobs and placements.
	Faculty	Introducing new subjects and latest subjects in courses.	The suggestions given in feedback of teachers were forwarded to BOS Committee to get the beneficial results.
	Employers / Expert	The Currieculum should be introduced with additional courses that meet industrial requirements and improve entrepreneurship abilities, lifelong learning, human values and ethics	The suggestions of experts were further forwarded to BOS committee for further improvement in student Carrier settlement.

Master of Science (M.Sc) Microbiology	Student	Addition of recommended and reference books in library as per syllabus of course Placement drive need to be installed	•Recommended and reference books were added in the library. Suggestions and recommendations of BOS members were implemented.
	Faculty	The course content needs to be reviewed.	Board of Studies meeting was conducted.
	Employers / Expert	The curriculum should be incorporated with additional courses that will teach lifelong learning skills, human values and ethics and improve skills and entrepreneurship abilities to meet industrial requirements or reduce unemployment	Board of Studies meeting was conducted and suggestions were implemented.
B Sc Bachelor of Science (Non-Medical) Physic, Chemistry, Maths	Student	Teacher Student interaction should be more. Classes should be interactive and teachers should discuss about various other issues along with the studies	Apart to theory and practical learning, students continuously discuss about other issues also related to the skills
	Faculty	Students should be provided more opportunities to explore new dimensions of learning	As per the suggestion different value added programs were added apart from the syllabus of the course.
	Employers / Expert	They have shown overall satisfaction with the design of syllabus	They have been suggested some modifications
M.Sc Master of Science Physics	Student	Extra Sessions should be conducted for weak students	Provisions are made for conducting additional Lectures for weak students.
	Faculty	Syllabus is lengthy so some topics can be excluded	Suggestions are communicated to the BOS Committee for its implementation
	Alumni	Leadership and communication skills should be focused.	Effort will be made to improve the ability of students for group/ team work
	Employers / Expert	Curriculum is not effective for the students in developing innovative thinking	All faculty members were suggested to teach the content beyond the syllabus with current innovative trends. All students were encouraged to attend certificate program and value-added courses
M.Sc Master of Science Mathematics	Student	1) Platform for performing other activities like sports in the form of competitions 2) Extra Sessions should be conducted	1) For the student's activity, Sports day and competitions has been organized on different sports such as box cricket, chess, online games

*Rekha Mehta*

	Employers / Expert	The curriculum should focus on Current trends and practices	It was decided in the meeting that some new topics related to current trends and practices to be added in the syllabus.
B.Sc Information Technology	Student	Students suggested for conducting few lectures with ppt presentations	Department taken initiative for this
	Faculty	Teachers suggested to clear objectives for various test and procedures	Department has taken initiative for this.
	Alumni	Students suggested to organize alumni meet year-wise.	Department will organize alumni meet.
	Employers / Expert	Expert advised to include skill development and latest technology and practices studies in syllabus	Department updated the syllabus as experts advise. More industry-oriented courses added.
PG Diploma in Computer Applicaton	Student	Students requested for few libraries period or free hours during a semester	Department taken initiative for this.
	Faculty	Students suggested to organize industrial visits	Same has been implemented
	Alumni	Alumni suggested to start the alumni chapter	The work planned as per this suggestion.
	Employers / Expert	Suggested to work on more research & project activities for students	This was discussed in BOS Meeting & implemented.
Bachelor of Computer Applications (BCA)	Student	Students recommended for organizing more events and quizzes	Department taken initiative for quizzes competitions and workshop arrangement as well as students were encouraged to participate in NCC
	Faculty	Students and teachers suggested to clear objectives for various test and procedures	Different doubt clearing sessions were introduced for doubt clearance
	Alumni	Students suggested to organize a technical event	The technical event planned.
	Employers / Expert	Expert suggested to include cloud-based projects in the curriculum	Department included this in the curriculum.
