

**FEEDBACK ANALYSIS & ACTION TAKEN REPORT on DESIGN & REVIEW OF
CURRICULUM
(2020-2021)**

Program Name	Stakeholders Feedback	Feedback from Stakeholders	Action Taken
Bachelor of Science (B.Sc.) (Hons.) Agriculture	Student	Courses in terms of their relevance to the latest and /or future Technologies	As most of the students belong to biology background so they find analytical based courses difficult but these are relevant for future Masters and PhD courses.
	Faculty	Revision of the syllabus.	Syllabus was revision as per the ICAR scheme and the scheme and syllabus followed now is as per the Dean's committee report
	Alumni	Inclusion of value-added courses/soft skill training/domain specific electives for enhancing constructive learning	Various value added courses have been introduced such as: production technology of cereals, fruits, vegetables, & mushroom, beekeeping etc. will inculcate entrepreneurship mindset in students
	Employers Expert	Rate the scope of the syllabus in enhancing entrepreneurship skills/ long learning/ human values and ethics.	Courses like Rural Agricultural Work Experience and experiential learning modules have been incorporated in the scheme and syllabus for entrepreneurship development.
Master of Science (M.Sc.) Agriculture	Student	Quality and relevance of the courses included into the curriculum	Student pursuing agriculture mainly have biology background which makes them find analytical based courses quite difficult. But these courses are relevant for future PhD courses.
	Faculty	Revision of syllabus	• Syllabus has already been revised as per the ICAR scheme and syllabus. Now the scheme and syllabus followed is as per the Dean's committee report.
	Alumni	Rate the applicability of the tools/activities/case studies presented in the curriculum facilitating more employability skills among graduates.	Case studies related to farmers problems and field management are being practiced as a survey in the final year report.

	Employers Expert /	The curriculum should include additional courses that reflects current trends and practices in the respective disciplines and cover topics on fundamentals and latest technology	As per the feedback, Board of Studies meeting was conducted and suggestions were implemented.
Master of Science (M.Sc) Botany	Student	The content of Course needs to be revised. Online access should be provided in the library. Universities activities are needed to emphasize the students in getting jobs and placements	The new SOS was introduced. Some of the digital online resources made easily available to Library. New technologies and methodologies need to be adopted for improving the jobs and placements.
	Faculty	The course need to be reviewed again.	All the feedback comments were forwarded to committee and then, Board of Studies meeting was conducted and the suggestions were implemented.
	Alumni	The Alumni Association/ Network of Old Friends is missing. The activities regarding to scientific and technical knowledge should be emphasised.	Department-organized online alumni meet for the purpose of better understanding about ideas. Various training programmes were organized to help students compete for scientific and technical jobs.
	Employers Expert /	Present curriculum should be based on such aspect that syllabi cover advanced and recent topics/subjects. The present course should be based on technical/scientific/analytical approach.	Keeping in view all the suggestions were introduced and then, new SOS was implemented for betterment of students future.
Master of Science (M.Sc) Microbiology	Student	Addition of relevant books in library The course content needs to be revised with addition of some latest technological	Online access to digital resources has been made available by Library for referencing. The matter was discussed and reviewed in the meeting.

		course/s. Training for jobs and placements should be enhanced. Well equipped laboratories with sufficient instrumentation are needed.	Training programmes for entrepreneurship development were organized. The matter was discussed and reviewed in the meeting.
	Faculty	The course content could be reviewed and revised.	The matter was discussed and reviewed in the meeting (e.g. Feedback given by the subject teachers and alumni were forwarded to the committee). Further, Project work was introduced.
	Alumni	• Alumni Association is not streamlined Placement drive needed to be activated to help students in getting jobs and placements	Department Alumni Association was streamlined organized and online alumni meet was organized. Various training programmes were organized to help students getting jobs
	Employers Expert /	The curriculum should include additional courses that reflects current trends and practices in the respective disciplines and cover topics on fundamentals and latest technology	As per the feedback, Board of Studies meeting was conducted and suggestions were implemented.
B.Sc Bachelor of Science (Non-Medical) Physic, Chemistry, Maths	Student	Online session is not comfortable for excellent learning Need offline classes	Due to pandemic classes are handled in online mode. Based on the situation classes were adjusted to offline mode.
	Faculty	1. Workshop for exploration of various online teaching platforms shall be arranged by university. 2. For online teaching various platforms such as Zoom, Google Meet, Microsoft 365, webex meet etc. shall be used	1. A request to university had made for online workshop for the use of various online teaching platforms. 2. All faculty members with students are using online platforms for teaching and learning such as, zoom, google class room etc.
	Alumni	Need to improve in parking facility, canteen facility and water drinking facility. Students want an alumni meet also as they left the college during pandemic.	Suggestions are communicated to the HOD for its implementation. An alumni meet was organized in May 2022.
	Employers Expert /	Motivate the students for research work and projects.	Institute guide students for research project as well as research paper presentation and Publication in various conferences.

M.Sc Master of Science Chemistry	Student	Most of courses do not need to be revised but few Syllabi should be revise based on competitive exam	We revised our syllabus time to time based on Expert/Employer suggestions and based on national exam such as GATE and CSIR/NET
	Faculty	Classroom management software such as smart board, Powerpoint presentation should be use in teaching	We made and arranged few smart classes having smart board and projectors
	Alumni	The digital library system should be available for students to expand their innovative thoughts.	We are working in this area and made blogs at university website for this purpose.
	Employers / Expert	Try to introduce elective subjects according to academic and industrial requirement of the program such as B.Sc Hons and M.Sc program according to credit based courses (CBCS) suggested by UGC.	We already introduced elective subjects credit based in B.Sc. Hons course and M.Sc courses.
M.Sc Master of Science Physics	Student	There should be career counseling sessions so that the students must have more knowledge about their professional options	These concerns have been shared with the relevant authority for consideration and appropriate action. The Placement Cell and Departments are encouraged to conduct counseling sessions, talks, and seminars for students to have greater clarity on their career options.
	Faculty	Workshop for exploration of various online teaching platform shall be arranged.	The issue is discussed with the HOD and it is under consideration.
	Alumni	Importance should be given overall development of student personality.	Courses were included such as value added courses and students were given tips to face an interview
	Expert/Employer	Both UG & PG students must opt for SWAYAM online course for the advanced learners. Extra credit course by online courses were recommended	1. Specialization wise the topics were suggested for the students from the SWAYAM & NPTEL platform 2. MOOC course were suggested for students to earn extra credits.
M.Sc Master of Science Mathematics	Student	Online resources be provided for core and skill-based courses	It is recommended to University's IT Head regarding organizing such platform.
	Faculty	Syllabus is lengthy so some topics can be excluded	Suggestions are communicated to the BOS Committee for its implementation
	Alumni	It has been proposed that the college should keep a track of the career trajectories of the	The University is in the process to have an online database about alumni and their achievements

 Registrar

Program Name	Stakeholders Feedback	Feedback from Stakeholders	Action Taken
B.Sc. (Animation & Game Design)	Student	Exposure to latest developments and advances should be known to the students	Experts were invited to share their knowledge to our faculty and students. This helped them to interact with the resource persons and was motivated to do higher studies and take up jobs which has challenging future ahead.
	Faculty	Focus more on practical aspects. Projects should be given more weightage as evaluation components.	Students were encouraged to take up research based on 3D & Vfx projects.
	Expert/Employer	Expert advised to work on latest technology and software	Labs were updated with latest software's and PC
B.Sc. Information Technology	Student	Students requested for few libraries period or free hours during a semester	Department taken initiative for this.
	Faculty	teachers suggested to use bloom's taxonomy in academics.	Same has been implemented
	Alumni	Alumni suggested to start the alumni chapter	The work planned as per this suggestion.
	Expert/Employer	Suggested to work on more research & project activities for students	This was discussed in BOS Meeting & implemented
PG Diploma in Computer Applicaton	Student	Students suggested for organizing more events and quizzes	Department taken initiative for more such activities
	Faculty	Students and teachers suggested to clear objectives for various test and procedures	Different doubt clearing sessions were introduced for doubt clearance
	Alumni	Students suggested to organize industrial visits	Various industrial programs were introduced.
	Expert/Employer	Expert advised to include skill development and latest technology and practices studies in syllabus	BOS includes the new syllabus involving different subjects for fulfilling the skill development and latest technologies relevant to PGDCA
Bachelor of Computer	Student	Students requested for few libraries period or free hours during a semester	Department taken initiative for this.
