FEEDBACK ANALYSIS & ACTION TAKEN REPORT on DESIGN & REVIEW OF CURRICULUM

(2022-2023)

| Program Name | Stakeholder Feedback | Feedback from Stakeholders | Action Taken |
|-------------------------|-------------------------------|--|---|
| | Student | Students wants to more infrastructure development to complete the digital assignment. | The recommendation regarding the upgradation of Computer Labs has been made. Additionally, syllabus related MOOC's courses has been added. |
| | Faculty | Academic research-oriented activity should be promoted. | Suggestion related more FDP's and research papers writing should be promoted. |
| Bachelor of Business | Alumni | Sports event should be organized. Information related student portal should be updated time to time. | Making Better ERP system for the student information. Also, sports day has been organized. |
| Administration | Employer/Expert/Industrialist | Employers strongly expressed that there is gap between syllabus and industry requisition for employability | The Curriculum has always been reviewed on a regular basis by the University, Academic Council and the Boards of Studies of the Departments. College has communicated the recommendations and suggestions to the University bodies. Moreover, conferences & guest lectures has been organized |
| Bachelor of Commerce | Student | Classrooms should have projectors placed for improved understanding. | Projectors were used in classrooms to use various teaching tools that benefit students in better learning and understanding. Various types of activities, such as instructional and entertaining events, were planned to help students improve their practical knowledge. |
| | Faculty | More focus on the honors course's subjects of B COM and other specialization courses | BOS has been updated regarding the honors course's subjects of B COM and other specialization courses. More focus on skill development. |
| | Alumni | Contemporary Courses should be added. | New and contemporary courses, such as MOOCs and Swayam courses, are offered |

RIMT University
Mandi Gobindgarh

| | | | to provide students with cutting-edge knowledge in every discipline. |
|--|-------------------------------|--|---|
| | Employer/Expert/Industrialist | Respondents expressed a desire for curriculum design to be in tune with industrial sectors demand. The employers recognized the faculty's efforts in training students. | Steps are being conducted to raise awareness about the placement cell's job prospects. More industry interaction program has been organized. |
| | Student | The classroom should be more participatory. | Cooperative learning is encouraged through real projects, presentations, and group activities. |
| | Faculty | Greater focal point on higher studies of the post-graduation students. | Concentrate on doctoral programs and preparing students for additional competition papers. |
| Masters of Business Administration | Alumni | Self-learning promoted | Courses are redesigned to encourage self-learning. The lecture method has been minimized, and new student-centered learning methods have been added. |
| | Employer/Expert/Industrialist | Faculty should recommend a question bank or MCQs for practice | Students were given MCQs and a question bank, which included previous year question papers, so that they could practice them thoroughly. This procedure assists students in comprehending the nature of the questions, time management, and, most significantly, self-evaluation. |
| | Student | More references books need to be added More Quizzes | Have been Introduced in the departmental library |
| B.Sc Forensic | Faculty | Curriculum flexibility | Encouraged teachers to improve syllabus and add more valuable subjects. |
| | Alumní | Placements have to be there | Taken Initiative for job fest in university |
| | Employer/Expert/Industrialist | Forensic Laboratory exposure should be there | More lab visits have been organized for practical exposure of forensic cases. |
| M.Sc Forensic Science | Student | Curriculum and syllabus needs to be improved | Introduced various course to improve the quality of curriculum |
| | Faculty | Curriculum and syllabus flexibility should be there | Encouraged teachers to conduct various seminars about recent trends in the |

| | Faculty | Suggested to organize Expert Lectures. | Department organized gues & expert lectures. |
|---------------|-------------------------------|---|--|
| | Alumni | Suggested to organize ALUMNI lectures | Department initiated this suggestion. |
| | Employer/Expert/Industrialist | Expert advised to include latest technology based subjects in the syllabus | Department includes the new syllabus involving different subjects for fulfilling the skill development and latest technologies relevant to PGDCA |
| | Faculty | Conduction of Seminars/guest lectures etc. Addition of relevant books in the library. | Seminars and guest lectures had been conducted. New books have been added in the library |
| M.Sc. Zoology | | No improvement is needed. | As per the suggestions received, the syllabus was satisfactory and no changes were implemented |
| | Alumni | More activities are needed to help students in getting jobs and placements. | Training and placement drive were organised |
| | Employer/Expert/Industrialist | No improvement is needed. | As per the suggestions received, the syllabus was satisfactory and no changes were implemented. |
| ВРТ | Student | Students suggested more clinical exposure and hands on exposure to enhance clinical skills in their field of expertise. Students requested for counselling classes and career guidance. | Teachers paid more attention to practical training and hands on workshops. Teachers help the students to have an access to both personal and career counselling. |
| | Faculty | Teachers requested for availability of better teaching aids. Teachers suggested that they should have freedom to adopt innovative techniques/ strategies of teaching such as seminar | Requirement of projectors was reported to higher authority. Teachers were encouraged to adopt more innovative techniques and strategies for teaching. |
| | Alumni | presentations and group discussions. Suggested evidence based practical demonstration | Teachers paid more attention on evidence based practical education. |
| | Employer/Expert/Industrialist | Experts suggested to enhance general communication skills. | Teachers incorporated stress on the issues of improvement of communication skills of the students incorporated stress |

| | | | on the issues of improvement of communication skills of the students. |
|------------------------------|-------------------------------|--|--|
| | Student | More practical training sessions are desired by the students. Clinical training should be compulsory for all students Adoption of mixed online-offline mode of teaching | 1.Teachers paid more attention to practical sessions and made their teaching more experiential. 2.Request has been forward to HOD. |
| B.Sc. Dialysis technology | Faculty | 1.As per suggestion of the Department faculty Practical of Microbiology needs to be added. 2.Workshop for exploration of various online teaching platforms shall be arranged by university. 3.Training on personality and professional development should be provided to enhance employability skills. | 1. By the suggestion of subject faculty Practical of Microbiology has been added. Details of Changes made in curriculum have been highlighted in attached annexure. 2. A request to university had made for online workshop for the use of various online teaching platforms 3. It is recommended to University's Central Training and Placement Cell(CTPC) to organize online guest lecture series / workshops for enhancing personality and employability skills for seeking jobs also suggested to facilitate telephonic / online interviews for fresher's. |
| | Employer/Expert/Industrialist | Conduction of seminar and workshop | Conduct seminar on RO system. |
| B.Sc. Agri. (Hons.) | Student | University activities that help in getting jobs and Placements | Students engaging in extracurricular activities boost their chances in getting jobs. Extracurricular activities shows that student can enrich their peers through their experiences. |
| | Faculty | Revision of the syllabus. | As per the ICAR scheme and syllabus, syllabus has already been revised in 2021. The scheme and |

| | | | syllabus is as per the Dean's committee report. |
|--|-------------------------------|--|--|
| | Alumni | Scope of the syllabus in enhancing entrepreneurship skills/lifelong learning/human values and ethics. | Courses like Rural Agricultural Work Experience and experiential learning modules have been incorporated in the scheme and syllabus for enhancing the entrepreneurship skills. |
| | Employer/Expert/Industrialist | Does the curriculum include value added courses/soft skill training/domain specific electives for enhancing constructive learning. | Value added courses such as production technology of cereals, fruits, vegetables, & mushroom, beekeeping etc. has been introduced in the curriculum which will inculcate entrepreneurship mindset in students. |
| | Student | Programme in terms of the curriculum syllabus in different semesters | As students of biology background find analytical based courses difficult but these are relevant for future PhD courses. |
| | Faculty | Revision of the syllabus. | Revision of the syllabus was done in 2021 as per the ICAR scheme and syllabus. The scheme and syllabus is as per the Dean's committee report. |
| M.Sc. Agri. | Alumni | Applicability of the tools/activities/case studies presented in the curriculum facilitating more employability skills among graduates. | Case studies related to farmers problems and field management are being practiced as a survey in the final year report. |
| The state of the s | Employer/Expert/Industrialist | Does the curriculum include value added courses/soft skill training/ domain specific electives for enhancing constructive learning | Introduction of value added courses such as production technology of cereals, fruits, vegetables, & mushroom, beekeeping etc. will inculcate entrepreneurship mindset in students. |
| BSc Nursing | Student | Student suggested some new facilities should be provided in college · Class test should be taken after completion of every unit. · Extra classes if students are not able to grasp topic first time. · Extra classes for students who have reappeares. | New facilities are introduced in the college eg; new water coolers, AC in every class · Class test is taken every Friday or after the completion of a Unit · |

| | | | for the students who had reappear. |
|--------------------------------|-------------------------------|---|--|
| | Faculty | Incorporation of skill development among students by providing them with practical exposure in various health care facilities. Introduction of more curriculum specific subjects, labs and library should be updated again · Action should be taken for chronic absenteeism of the students | · Permissions are taken from various hospitals to provide diversified clinical exposure to the students · The labs are being updated as per the curriculum. Library is being updated by adding new books and journals. · Student who are absent from chronic period of time they are now should be detained from the college until further notice. |
| | Employer/Expert/Industrialist | Extra topic to update the general knowledge of the students should be introduced · Different workshop and seminar, panel discussion should be added in extra curriculum activities. | Value added courses are already introduced in the curriculum · Panel discussion and workshop topics introduced. |
| B.Sc. Radiology and Imaging | Student | Creative skill development. More exposure in terms of patient practice | Different workshops organized for overall development of the students. MOU signed with Fortis Hospital for clinical training. |
| Technology | Faculty | 1. Tie –up with Hospitals for clinical practice should be increase. | 1. Signed MOU with SPS Apollo Hospital Ludhiana. |
| | Employer/Expert/Industrialist | As per suggestion of the Experts Conduct seminar and workshop for skill enhancement. | Conducted seminar on recent advancement in modern imaging techniques. |
| | Student | It is suggested that there should be at least 5-10 min break between each class | We will discuss with higher authority regarding this. |
| M.Sc. H. Chemistry | Faculty | It was suggested having yoga classes and activities during current semester. Research oriented activities should be encourage in M.Sc H. Chemistry courses | Value added course gas been floated in the university for such course and physical activities. Students have given dissertation after 3 semesters in M.Sc. H. chemistry for research oriented work. |

| | Alumni | Alumni interaction should be required. Needs some more improvement in quality of support material & canteen facility. | Alumni meeting and interaction should be added after discussion with higher authorities in fresher meeting yearly. Many steps were done by University Authority to improve the quality of canteen facility |
|-----------------------|--|--|---|
| | Employer/Expert/Industrialist | It was suggested to introduce and involvement of social activities as a part of syllabus. | We involved the students in social activities by tour programs and in flag hosting during national festivals. |
| | Student | Carrier guidance for higher studies and job placement should be implemented | Class coordinators were assigned for these duties on departmental level. |
| B.Sc. H. Chemistry | Faculty Employer/Expert/Industrialist | Remedial classes suggested for weak learners to give them the necessary lift in the academic field. Books should also be provided in | Extra classed were assigned and introduced on Saturday for weak students. |
| | | regional languages such as in Hindi for Hindi medium students. | We added few books in Hindi in the central library. |
| | Student | Students suggested organizing more campaigns for more exposure and hand on practices. | More campaigns in collaboration of clinical lab in RIMT hospital are organized |
| BMLT | Faculty | Overall response of teachers shows a satisfactory report | Department constant standards are maintained throughout the period |
| | Alumni | Students suggested to bring case studies in curriculum to enhance the intellectual skills | Teachers were suggested to include some case studies during teaching lessons |
| | Employer/Expert/Industrialist | Experts suggest making some collaboration with hospitals or other organizations for student exposure to different working environment. | Staff members are trying to establish a positive relation with different organizations |
| | Students | Suggested by student to promoting skill based activities | Workshop organized by department for coming session. |
| BA.BED | Teachers | Teachers suggested that NPE,2020 should be followed on session-2023. | Some new changes according to NPE, 2020 were introduced in session-2023. |
| | Expert/Employer | With suggestion the expert and needs of the student, psychology was introduced as elective subject. | Psychology subject were introduced as elective subject in session-2023. |
| B.Ed | Students | More practical/field training sessions are desired by the students. | Formal instructions were circulated to all for addressing the issue of increasing |

| | | | practical training sessions. |
|--------------------------------|-------------------|---|---|
| | Teachers | Teachers suggested that NPE,2020 should be followed on session-2023. | Some new changes according to NPE, 2020 were introduced in session-2023. |
| | Experts/Employers | With suggestion from the expert two new courses were introduced for B.Ed class. 1.Education for mental well being, 2.Basics in research | These two courses were introduced in 2023 syllabi. |
| | Students | Content of syllabi needs enhancement in terms of quality | All the teachers were notified about the issue and they were encouraged and enriched the curriculum with more appropriate teaching-learning methods and techniques. |
| M.Ed | Teachers | Teachers suggested that NPE,2020 should be followed on session-2023. | Some new changes according to NPE, 2020 were introduced in session-2023. |
| | Experts/Employers | Keeping in mind the suggestions given NPE,2020 the experts suggested that ethical research should be integrated the M.Ed syllabus | A module one research was introduced after BOS meeting. |
| B. Tech Computer Science | Students | 1. The suggestion is that course content should be reviewed and revised if necessary as per the Industrial requirements (Both theoretical and Practical). | 1. The syllabus has been reviewed/revised/approved in the BOS 2023. As per BOS 2023, the Mobile application Development, Multimedia & virtual reality, cyber security, and cyber security lab has also been introduced.2. Apart from that 17% of existing syllabus scheme content has been changed. |
| Engineering | Faculty | Syllabus need to be reviewed and updated (if any). The staff development programmers are required for enhancing their teaching skills | 1. Data Science Using 'R' language by National Institute of technical Teachers Training & Research, Chandigarh from 17.7.2023 to 21.07.2023 2. AWSome day Online Conference by Amazon Web Services (AWS) on 08.06.2023 on Cloud Computing, Cloud |

| | | | Deployment Models. |
|--|-----------------|--|---|
| | Alumni | An industrial visit may be organized, so as to serve for the purpose of getting live exposure towards the industry environment and technology. | To provide hands-on experience and to get familiarity with most reliable platforms including Dot. Net Nuke, Sitefinity, Umbraco, Orchard, Ms Share Point, Joomla, Drupalwordpress, Megento, cake PHP, codeigniter Native and Hybrid application development concepts by company named C.S. Soft solutions Mohali organized by the department. |
| | Expert/Employer | Need to arrange Industry interaction | An industry interaction to ThinkNext technologies, Mohali to gain knowledge about development concepts and software implementations. |
| | Students | Availability of updated text and references books is the main concern. Somehow, the course content should further be reviewed as per the Industrial requirements. | 1. The latest text and reference books (both Indian and Foreign) has been introduced in the library. 2. The syllabus has been reviewed/approved in the BOS 2023. |
| M.Tech Computer Science Engineering | Faculty | 1. Syllabus need to be reviewed and updated (if any).2. The staff development programmers are required for enhancing their teaching skills | 1. Data Science Using 'R' language by National Institute of technical Teachers Training & Research, Chandigarh from 17.7.2023 to 21.07.2023 2. AWSome day Online Conference by Amazon Web Services (AWS) on 08.06.2023 on Cloud Computing, Cloud Deployment Models. |

|----------------------------|-----------------|---|--|
| | Expert/Employer | Syllabus is up to date as per the Industry Requirements. | The Curriculum has met the current industry requirements. |
| | Students | Suggested by student to promoting skill based activities | Workshop organized by department for coming session. |
| B.Sc.B.Ed(Non- Medical) | Teachers | Teachers are satisfied with the relevance of the Course and course content | Teachers are satisfied with curriculum. So there has been no action taken in this regard. |
| , | Expert/Employer | Most of the employers are satisfied with our Curriculum. | Department involves the employers in curriculum design and considers their valuable suggestion for better curriculum development. |
| | Students | The students have made a compelling proposal for the establishment of additional laboratories to enhance their practical learning experiences. Furthermore, they have suggested equipping these laboratories with state-of-the-art equipment tailored to their specific courses | The laboratories have been equipped with brand-new machinery tailored to match the courses provided. RIMT Multispecialty Hospital began its operations this year, and it has procured all the essential tools and technology for Operating Theatre and Anesthesia Technology (OTAT). |
| B.Sc. OTAT | Teachers | Feedback from teachers has highlighted the necessity for the department to establish Memorandums of Understanding (MoUs) with multiple tertiary care hospitals. Feedback from teachers has highlighted the necessity for improvements in the recently introduced value-added course. | Based on feedback from teachers, it has become apparent that our department needs to establish Memorandums of Understanding (MoUs) with several tertiary care hospitals. This matter has been discussed with senior management, and the process of initiation has been set in motion. Based on the feedback from our instructors, the recently introduced value-added course, "Basic Emergency Management," has been integrated into the curriculum to enrich it further. |

Registrar RIMT University Mandi Gobindgarh

| | Expert/Employer | Experts recommend focusing on clinical competence, with a strong emphasis on developing practical skills and the ability to handle complex surgical procedures. | After thorough discussions with senior authorities, we have committed to a strategic shift towards prioritizing clinical competence. This shift places a robust emphasis on the cultivation of practical skills and the proficiency to manage intricate surgical procedures. As a result of these deliberations, we have launched an initiative to enhance clinical training and internship opportunities within tertiary care hospitals. |
|------------|-----------------|---|---|
| | Students | The students have presented a compelling proposal for the creation of additional laboratories aimed at enriching their practical learning experiences. Furthermore, they have recommended furnishing these laboratories with cutting-edge equipment customized to suit their respective courses | The laboratories have been outfitted with state-of-the-art equipment specifically designed to align with the courses offered. Inaugurated this year, RIMT Multispecialty Hospital has successfully acquired all the necessary tools and cutting-edge technology for Operating Theatre and Anesthesia Technology (OTAT). |
| M.Sc. OTAT | Teachers | Constructive feedback from educators has underscored the need for enhancements in the newly implemented value-added course. | Based on the feedback from our instructors, the recently introduced value-added course, "Basic Emergency Management," has been integrated into the curriculum to enrich it further. |
| | Alumni | Alumni's feedback has underscored the need for the department to formalize Memorandums of Understanding (MoUs) with several tertiary care hospitals. | Following feedback from our esteemed alumni, it has become evident that our department would greatly benefit from establishing Memorandums of Understanding (MoUs) with multiple tertiary care hospitals. We have already engaged in constructive discussions with senior management, and the process of initiating these MoUs is now underway. |

| | Expert/Employer | Experts strongly recommend a primary focus on clinical competence, placing significant emphasis on the cultivation of practical skills and the mastery of intricate surgical procedures | Following extensive discussions with senior leadership, we have made a dedicated commitment to strategically prioritize clinical competence. This strategic shift places significant emphasis on the development of practical skills and proficiency in the management of complex surgical procedures. In light of these deliberations, we are proud to announce the launch of an initiative aimed at enhancing clinical training and expanding internship opportunities within tertiary care hospitals. |
|---|-----------------|---|--|
| | Students | Courses in terms of their relevance to the latest and /or future Technologies. | Few more topics dealing with the contemporary issues has been added in the syllabus |
| Bachelor of Science (B.Sc.) Hospitality & | Teachers | The curriculum should have good academic flexibility | Few topics in the syllabus were added taking references from other Universities. |
| Hotel Administration | Alumni | There should be no change in the Curriculum | The Bos was sent to the Academic council with no change from the feedback of the alumni |
| | Expert/Employer | The curriculum should effectively cover topics on fundamentals and the latest technologies. | Few more topics dealing with the contemporary issues has been added in the syllabus |
