

### **Tobacco Free Educational Institution**

Smoking of tobacco (Cigarette, Biri etc.),Chewing of tobacco products, gutkha, paan masala and drugsare directly responsible to causes various health hazards like lungs cancer, oral cancer etc. Chewing of tobacco products increases the production of saliva followed by a very strong urge to spit. Spitting inside the classroom and campus could enhance the spread of different types of microbial diseases.

All the stakeholders (Students, Teaching and Non-teaching staff) are strictly requested not to smoke any tobacco products, Chew any of tobacco products, Gutkha, paan masala and use drugs inside the University campus. Please help to maintain healthy environment. Strict action will be taken in case of violation of this order.
