WHEREAS:

- A. Institute is a leading university providing undergraduate and postgraduate education in a variety of engineering disciplines and other courses ;
- B. SISW is a leader in the segment of CAD, CAM, CAE and PLM software products. SISW has academic versions of the hereinabove-mentioned software's (hereinafter "PLM Software");

Rohit Mehta
12/01/21

- C. Institute desires to offer Siemens training program at its campus located in the city of Mandi Gobindgarh to educate students on Product Lifecycle Management (PLM) software which is widely used in the industry;
- D. The parties agree to enter into this MoU on the terms and conditions set hereinbelow.

NOW, THE PARTIES HEREBY AGREE AS FOLLOWS:

1. PURPOSE

RIMT University desires to start Siemens Integrated Program for engineering students at its premises for existing and new academic year Mechanical engineering students on various Siemens Product Lifecycle Management Software's.

2. ROLE OF SISW

- i. SISW shall provide academic software license required to deliver the training. Such software license shall be granted under the terms of the End User License Agreement ("EULA").
- ii. SISW shall endeavor to provide required training on PLM Software to Institute either directly or through its authorized training partner.
- iii. SISW shall endeavor to provide training to the students on Siemens PLM Software course as per training delivery schedule detailed in Annexure "I".
- iv. SISW shall endeavor to circulate information on its products, etc. to improve the product awareness at Institute.
- v. SISW shall endeavor to conduct periodic assessments of the students as per the schedule mutually agreed before the start of the training.

3. RESPONSIBILITY OF INSTITUTE

- i. Institute agrees to provide hardware with required configuration to use the PLM Software in its CAD LAB with infrastructure as detailed in Annexure "II".

Handwritten signature and date:
12/01/21

- ii. Institute agrees to provide a dedicated facilitator for coordination of the program with SISW and students administration.
- iii. Institute agrees to follow SISW's training methodology while imparting training to students on PLM software.
- iv. Institute agrees to provide a minimum batch of students enrolled to be trained as agreed.
- v. Institute agrees to provide lodging and boarding facilities to SISW trainer who shall be undertaking the training.
- vi. Institute agrees to electronically accept the EULA of SISW containing terms and conditions which govern the use of the PLM Software license. It shall also sign the commercial terms governing the training to be provided by SISW.

4. CONFIDENTIALITY

- a. Neither Party shall disclose confidential nor proprietary information received from the other Party under this MoU, without the other Party's prior written consent.
- b. Each Party shall use any information which it receives from the other Party during the course of discussions or implementation of this MoU only for the purposes for which it has been provided, and shall prevent third parties from gaining access to it and shall treat such information in the same way as its own confidential information. This confidentiality obligation shall not apply to information which is generally known to the public, which can be shown to have been independently developed by the recipient, or which has been acquired from a third party without being bound by any non-disclosure obligation to the disclosing Party. This obligation shall also not apply to the extent a Party is required by statutory regulations or governmental orders to reveal any of the information it has obtained. This obligation shall survive the term or termination of this MoU for a period of two (2) years following such expiry or termination.

5. FORCE MAJEURE

Either party will not be liable to the other party for any delay or failure to fulfill its obligations in connection with the MOU where any such delay or failure is caused in whole or in part by any act, or failure arises from causes beyond the party's control, including, without limitation, fire, floods, acts of God, acts or regulations of any governmental authority, war, riots, strikes or labour shortages.

The parties shall use all reasonable endeavors to minimize any such delay caused due to Force Majeure event and provide written notice to the affected party. Upon cessation of the event, giving rise to delay, the other party shall insofar, as may be practicable under the circumstances, complete performance of their obligations hereunder.

6. DISPUTE RESOLUTION

In the event of any dispute or disagreement between the parties hereto either with respect to the interpretation of any provision of this MoU or with respect to the performance by either party of its duties hereunder, each of the parties shall appoint a designated officer to meet for the purpose of endeavoring to resolve such dispute or to negotiate for an adjustment to such provision. No formal proceedings for the judicial resolution of such dispute may be commenced until the date on which either of the designated officers notifies the other in writing that he/she has concluded that an amicable resolution of the matter in issue does not appear likely.

7. GENERAL CONDITIONS

- a. Neither party shall have any liability (including any damages, costs, expenses, disbursements) to the other party arising from any failure to execute any agreement and/or upon the expiry or termination of this MoU, and any party may terminate negotiations with respect to the matters set forth herein at any time without liability to the other party.
- b. Nothing in this MoU shall be understood or construed as a binding right or obligation of the parties or as obligating the undersigning parties hereto, to finally conclude any agreement. In particular, this MoU in no way restricts either party from pursuing similar activities on its own or from participating in similar activities with other public or private agencies, organizations, and individuals and shall not provide exclusivity between the parties in the scope of any cooperation, does not endorse a specific entity, does not create any rights in any person, and does not create any obligations for any third party
- c. Neither party shall make any public disclosure, except as may be required by applicable law, relating to discussions and or terms related to this MoU, without obtaining prior written consent of the other party. Either party shall not make, or let its employees, agents or subcontractors make, any public statement relating to the other party

- d. This MoU shall become effective upon its signature by the parties. Additions and amendments to this MoU shall only be valid if made in writing and signed by the Parties.
- e. This MoU will remain in effect for a period of two year from the date of its execution, unless either Party proposes to terminate this MoU at an earlier date by giving written notice to the other party at least one (1) month prior to the proposed termination date.
- f. This MoU shall be governed and construed in accordance with the laws of India and the courts of New Delhi shall have the exclusive jurisdiction to entertain any dispute or suit arising out of or in relation to this MoU.
- g. Prior to initiating any specific activity or program, the parties will negotiate and enter into a separate agreement, signed by each party's authorized signatory, describing the terms of the arrangement.

IN WITNESS WHEREOF, the parties hereto have read and understood the contents hereof and thereby affixed respective signature on the date and at the place above mentioned

IN WITNESS WHEREOF, the parties-hereto have executed this MoU as of the date first above written.

6 Ownership of Deliverables

- (a) Pre-existing Software and Technology. Each party will retain all rights in any software, ideas, concepts, know-how, development tools, techniques or any other proprietary material or information that it owned or developed prior to the inception of a Professional Services project, or acquired or developed thereafter without reference to or use of the intellectual property of the other party ("Pre-existing Material").
- (b) Ownership of Deliverables. Subject to Sections 6(c) and 6(d), SISW will own all intellectual property rights in or related to all deliverables that are developed and delivered by SISW under this Agreement, and such deliverables will be SISW's Confidential Information. SISW also will own all intellectual property rights in or related to any know-how, techniques, concepts or ideas developed in the performance of the Professional Services provided hereunder and related to SISW's Pre-existing Material.
- (c) Deliverables Based on Customer's Software and Technology. Subject to Section 6(d), Customer will own all intellectual property rights in or related to any deliverables developed hereunder to the extent that such deliverables consist of Customer's Pre-existing Material, works derived from Customer's Pre-existing Material, or modifications to Customer's Pre-existing Material.
- (d) Third Party Software and Technology. All software and technology that is licensed by a party from a third party vendor will be and remain the property of such vendor.
- (e) License Grant for Deliverables Owned by SISW. SISW grants to Customer a perpetual, royalty-free, non-transferable and nonexclusive license to use the deliverables owned by SISW and provided to Customer under an SOW for Customer's internal business purposes. Unless otherwise specified in the applicable SOW, software deliverables will be in executable form, and Customer is authorized to load, execute, display, store and otherwise use the software for internal purposes.
- (f) No "Work Made for Hire". The Professional Services provided hereunder will not constitute "works made for hire" under any applicable copyright laws. SISW retains ownership of any work in progress under an SOW and will not deliver the same until Customer makes full payment in accordance with this Agreement.
- (g) No License to Intellectual Property of the Other Party. Except as expressly provided in this Agreement, neither party grants the other party a license to any of its patents, copyrights, trade secrets or other intellectual property. SISW will be free to use the ideas, concepts, methodologies, processes and know-how developed in the course of performing the Professional Services (collectively "Know-how"), provided that such Know-how excludes Customer's Pre-existing Material.

7 Export

SISW's obligations under this Agreement are conditioned upon, and Customer agrees to comply with, all applicable export and re-export control regulations, embargoes and sanctions including, but not limited to, those of the United States (the "Export Laws"). Customer represents that all products provided hereunder and any derivatives thereof will not be (i) downloaded, exported, re-exported (including any "deemed export"), or transferred, directly or indirectly, contrary to the Export Laws, (ii) used for any purpose prohibited by the Export Laws or (iii) delivered to persons/entities otherwise ineligible to acquire or use the products provided hereunder. SISW may conduct the necessary Export Laws checks and, upon request, Customer will promptly provide SISW with any necessary information. Customer will indemnify and hold harmless SISW against any claim, action, damages, fines and costs relating in any way to Customer's noncompliance with Export Laws.

8 Confidential Information

"Confidential Information" means all information disclosed by one party to the other under this Agreement that is marked as confidential or the confidential nature of which is evident to a reasonable person. The receiving party will (i) use Confidential Information only as required to exercise rights or perform obligations under this Agreement, (ii) protect Confidential Information from unauthorized use or disclosure, and (iii) not copy the Confidential Information without the prior written consent of the disclosing party.
