WELCOME

CHANCELLOR

Chancellor
Dr. Hukam Chand Bansal

Dr. Hukam Chand Bansal is a Steel Industrialist of renown with industries spread across Mandi Gobindgarh, Punjab and Jammu & Kashmir. Started in 1971 when he took over the business from his father and expanded it to newer areas like steel forging & steel melting.

An MBA and a PhD in Business Administration from US, Dr. Bansal entered education business in 1998 when he founded Shri Om Parkash Bansal Educational and Social Welfare Trust, and established a school at Mandi Gobindgarh. It was the first school in that area and till date remains the most coveted.

Over the next 2 decades he emerged as a devoted educationist by establishing 8 colleges, 1 polytechnic and 2 schools of repute under the aegis of the Trust, and under the banner of RIMT group of institutions.

In 2016 he established RIMT University at Mandi Gobindgarh and in 2018 the World University of Design at Sonipat. Dr Bansal is Chancellor to both the universities.

From its inception, RIMT University has been guided by its motto. The vision of the University calls for an enduring commitment to the well-being of people through education. Its mission encompasses searching for and testing new realities and disseminating knowledge, both existing and new, for the betterment of society.

In keeping with its mission, our goal is to transform RIMT University into the flagship institution in India comparable with the best seats of learning in the region in the areas of teaching and learning, research, industry engagement and community development.

It gives me immense pleasure to invite you all to RIMT University, Mandi Gobindgarh. We aim at providing global education, carry out global research, and provide global learning platforms to students in all the programs across all schools. RIMT University is a platform for students to discover themselves. Our University is dedicated to the discovery, development, dissemination and application of knowledge in the chosen fields with a mission to expand the scale and scope of human understanding and thereby contributing to the betterment of the world. All programs offered by various schools of the University have "Industrial Practice" and "Industry Internship Programs" as an in-built component where students will be exposed to the real world.

Vice Chancellor
Dr. Arvinder Singh Chawla

With a career spanning over 41 years in teaching profession, Dr Chawla held various leadership positions in Punjabi University, Patiala and University of Rwanda.

In his professional career, he worked as Financial Advisor in a Kenyan Business Conglomerate. He participated in "Making Markets Work" and CPCL at Harvard Business School,USA.He was associated with Harvard Business School for coordinating their Executive Education initiative in East and South African Region. He also coordinated various projects in collaboration with USAID, Ministry of Health - Government of Rwanda.

He has supervised 27 students for PhD. degree, have 70 research papers, articles published in the reputed journals and authored/edited 11 books.

He is a training consultant with many government and private organizations in India and also a nominee director of two companies in India.

VICE CHANCELLOR

LOCATION

The lush green campus of RIMT University is located on NH1 near Floating Restaurant, Sirhind Side, Mandi Gobindgarh, Punjab. The University is just 50 minutes from Chandigarh and 3 hours from Delhi. The nearest railway station is Sirhind Junction which is 20 minutes from the University. The campus is also well connected with towns in its vicinity that support comfortable living in the area.

TRANSPORTATION

RIMT University has a fleet of 120 buses providing transport facility to the students of Patiala, Ludhiana, Chandigarh, Mohali, Panchkula, Ambala, Sirhind, Khanna, Malerkotla, Fatehgarh Sahib, Samrala, Nabha, Doraha, Mandi Ahmedgarh, Samana, Bhawanigarh, etc. It however, encourages students to make use of its excellent hostel facilities for optimum university experience.

HOSTEL FACILITIES

RIMT provides spacious, air-conditioned, wi-fi, semi-furnished hostel rooms with attached baths for students in-campus.

The hygienically produced, nutritious and tasty meals are consumed by students and staff alike. Hostels are wi-fi enabled. A separate laundry service is provided. There is a tuck shop to take care of routine daily requirements. Facilities also include a health care unit including a full-time nurse and a doctor.

RECREATIONAL AND SPORTS FACILITIES

A wide range of indoor and outdoor sporting opportunities is available to students at RIMT University. There are facilities for Soccer, Cricket, Basket Ball, Badminton, Table Tennis, Chess and Carrom. A Gymnasium equipped with free weights, cardio, stretching and resistance training equipment is also available. There is a 1000 capacity open-air theatre and several smaller venues to host and hold cultural performances.

CANTEEN AND STATIONERY SHOP

RIMT campus has many cafeterias and also a multi cuisine food court to cater to the varied taste of students and to provide various food items in a hygienic environment. It is also the most popular place on the campus, not only for refreshments, but also for student bonding, discussions and even work on assignments and projects. The stationery shop provides all art material & stationery, photocopy, and has facilities for scanning and printing.

LIBRARY

RIMT University maintains a library amply equipped with physical and soft copies of books, journals and magazines from all disciplines. Our multistory library is stacked with every possible book you may need. We also have a digital library that you can access on your mobile phone, tablet or laptop once you get a student ID.

WORKSHOPS & LABORATORIES

It's the workshops where ideas take a tangible form. With one of its prime focus being "learning by doing", RIMT University maintains high standard workshops for facilitating work of each of the schools. Let the Scientist inside you carry out transformative experiments in our high-tech labs that are well equipped with state-of-art equipment's. Work on your world changing invention and make your mark.

HEALTHCARE FACILITIES

A wide range of healthcare services are available at RIMT. These comprise a well equipped RIMT Multispeciality Hospital, a qualified doctor, nursing staff and well equipped ambulance.

BANK ATM's

To permit easy access to cash for all the students and hostlers, two ATM's have been installed within the campus.

CLOUD CAMPUS AND ERP

RIMT University's cloud campus acts as a skill development platform, which provides globally acclaimed and industry leading cloud based learning systems. It also bridges the gap between academia and industry by enabling student to upgrade their soft skills and technical skills.

At RIMT University, a world class ERP system has been implemented which acts as a learning management system for our students. You can keep yourself abreast with what's going on in various departments of the university in real time.

LIFE AT RIMT

RIMT acknowledges diversity in the origin of its members and the importance of cultural & social activities in improving the personality, enhancing communication skills and building a positive, progressive global outlook. It strongly encourages its students to participate actively in various activities organized by student clubs like Dance Club, Music Club, Sports Club, Literature Club etc. to forge stronger bonds and to bring out their latent talent in these activities.

RIMT is on a mission to make students reach the most suitable and appropriate junction.

Students participate in extra-curricular activities, games, exhibitions, outings, events and fests on regular basis. These activities are part of an endless process of learning. This is the reason why RIMTians never miss the target when it comes to achieving success in the due course of their life. Come, experience the different strokes of life and view the world in a new light of success!

RIMT University doesn't restrict teaching to classrooms but also encourages students to receive knowledge from nature and therefore there are classes being taken in open spaces by the faculties.

HOSTEL LIFE

RIMT campus is renowned as one of the most beautiful and dynamic places and is virtually a city within a city. The hostel residences sit at the base of greens, miles away in serenity yet close to civilisation. They are spaces for living and learning.

You can choose to live in a dormitory or an apartment. Every accommodation is fully furnished. Your day-to-day comforts are well taken care of. Hostel rooms are spacious, well-lit and airy.

All standard medical facilities are available within the campus and in case of an emergency, there are provisions to rush to the nearest healthcare facility.

There are special accessible places in the rooms and halls for students with disabilities.

At RIMT our entire focus is on giving you a home environment away from your home. There is round-the-clock high-tech security, to begin with. Once you start living inside the RIMT campus, you are as safe as you are at home, in fact, more. We have hired one of the best security agencies to keep our students safe. Every nook and corner of the campus is illuminated at night. There are CCTV cameras installed while taking full care of the privacy concerns of our students.

You come to RIMT to study, to blossom as an individual and a world-citizen, and to thrive in a cosmopolitan environment that draws students from different nationalities, religions and ethnicities. The hostel life at RIMT provides you a secure and healthy environment, both at physical and intellectual levels.

During your stay at the RIMT hostels, you will be interacting with students whose native language and way of life will be different than yours. In a globally connected world, after all, your work environment is going to consist of people from all over the world and hence, making a beginning at such a hostel is a great opportunity to connect with different people.

FESTS & EVENTS

All fests and events at the RIMT campus welcome students to a grand celebration of culture, faith, diversity, friendship and success.

These create an unparalleled forum for students comprising all elements of experiential learning, testing their intellectual and artistic prowess, simultaneously opening avenues for sharing mutual experience, skills and talent and to reach there collective and individual aspirations, in the field of culture, literary and other activities on a common platform. This also helps in developing professional skills like leadership, team work, business acumen, resource generation & management and converting ideas to events and their implementation.

EDUCATION TOURS

How can students change the world if they don't understand it? Participating in global and Indian educational tours is a requirement and a highlight of the RIMT experience.

At RIMT we strongly believe that traveling expands your horizon. The stimulations and influences that you get traveling to other cities and countries, you cannot possibly get while spending countless hours flipping through your course books and downloading educational notes from the Internet. Yes, flipping through your course books is essential, and so is your ability to find answers on the web, but such acquisition of knowledge is incomplete without exposing your senses to the rich and wide world out there.

Hence, at our campus, participating in global and Indian educational tours is an ingrained requirement and in fact, one of the highlights of the RIMT wholesome experience.

Every semester we organize national and international tours during which students are exposed to different cultures and social norms. They get to know how people do business in other countries and regions. They learn about different commerce and finance systems. They acquire traces of newer languages. They begin to appreciate themselves as global citizens. They learn how people express themselves politically and socially and how their expressions differ from region to region, helping them compare and evaluate their own way of thinking. They bring back memories and experiences that leave a lasting impact on their lives (even shape up their lives in many instances) and they also get to leave their own footprints among the people they visit. They come back smarter, more informed and more at peace with themselves and the world around them.

We collaborate with trusted travel agencies that specifically work with reputed universities like ours to organize highly educational, informative and more importantly, safe educational tours for young, impressionable minds. Our students have gone to Europe, various Asian countries, African countries, North and South America and even places of significance within India.

This isn't the end of their life-changing journey, it's the beginning. The memories, experiences and discoveries they make abroad continue to shape their perception, as well as their future.
