## ABOUT RIMT UNIVERSITY

RIMT University lays emphasis on innovative research and investment in high intellect. The University enables the students to become productive citizens realizing the responsibilities to execute their duties with utmost perfection. Apart from the routine academic work, wide opportunities are offered to students in varied co-curricular and extra-curricular activities.

Most of the students who finish our law course go into the legal field, becoming successful lawyers and attorneys. Legal experts are needed in many fields. Legal consultants are required by businesses and companies. Many lawyers become activists to make a positive change in the world.

School of bioscience has been established in the university with a view to consolidate the facilities and resources at a unified point where they could be used in more efficient manner. Most of these courses are being already run by the University for the last so many years. The addition of new courses will make it possible to attract brilliant students to the university for higher study and better future career.

## ABOUT THE CONFERENCE
