# TWO-DAY NATIONAL SEMINAR

**"Role of Education, Humanities and Social Sciences in Achieving Sustainable Development Goals in India"**

## ABOUT THE UNIVERSITY

One of the leading Universities of Punjab and driven by a strong commitment to align contemporary educational standards with future-oriented parameters, RIMT has built an illustrious history since its establishment in 1998. RIMT has achieved an unprecedented milestone in its pursuit of growth by adding a new institution every year from 2002 to 2023. This legacy continues with RIMT University, established by the Government of Punjab under Punjab Act No. 31 of 2015 and recognized under section 2(f) of the UGC. The University envisions becoming one of the most preferred learning destinations and a centre of excellence, fostering and nurturing future leaders who will drive desired societal changes. RIMT has emerged as a progressive education hub, catering to students seeking higher education in diverse disciplines. It serves as a melting pot of cultures from around the world, providing a serene environment for knowledge exchange. Alongside traditional classroom education, we also equip our students to navigate the challenges that life may present, ensuring their preparedness for a lifetime of success. RIMT offers a range of resources tailored to individual students' strengths, while our academic faculty and staff provide periodic consultations, certifications, and leadership development programs to facilitate further personal and professional growth. As part of our dedication to enhancing leadership qualities in learners, RIMT consistently strives to promote research and the dissemination of innovative teaching, learning, and leadership practices that make a difference.

## SEMINAR TOPIC

**"Role of Education, Humanities and Social Sciences in Achieving Sustainable Development Goals in India"**

Sustainable development is the development that meets the well-being needs of the present and future generations. It is concerned with the evolution over a long period, focussing on stability issues and especially structural changes, that is, changes that result in qualitative different characteristics of states or behaviour of the system under consideration (World Bank Development Report: 1992). The Sustainable Development Goals (SDGs) aim to transform by taking appropriate actions to end poverty and inequality, protect the planet and ensure that all people enjoy health, justice and prosperity and no one is left out. It is reflected in the Motto: "Sabka Sath Sabka Vikas" that India is fully committed to sustainable development goals and its vision for sustainable development focuses on the adoption of green technologies, using renewable energy sources, practising eco-friendly practices, implementing stricter environmental regulations, and conserving natural resources. Moreover, the SDGs are a comprehensive agenda for global development by 2030. It has three core elements, i.e. economic growth, social inclusion and environmental protection. Education has to play an important role in building and disseminating knowledge and information, along with the skills and values required for creating a sustainable world. Education through Humanities and Social Sciences develops critical thinking, promotes ethical values, empowers action, develops sustainable ways of living, promotes social and individual well-being and enhances creativity. Besides, it equips masses with the knowledge and abilities to make decisions affecting their environment and resource availability.

# TWO-DAY NATIONAL SEMINAR

“Role of Education, Humanities and Social Sciences in Achieving Sustainable Development Goals in India”

## OBJECTIVES OF THE SEMINAR

- To create a platform for students, research scholars and faculty to share and exchange ideas;
- To discuss and identify major issues and challenges confronting sustainable development;
- To build an updated and futuristic national community in the face of global challenges of sustainable development; and
- To suggest suitable measures for attaining sustainable development goals.

We at RIMT University invite you to participate in a Hybrid National Multi-disciplinary Seminar of Humanities and Social Sciences 2024, with virtual and in-person interactions, exploring cutting-edge trends in Social Science and Humanities over two days. Join us for research sharing, discussions, and networking. Submit your high-quality research by the Abstract Submission Deadline to be part of this exciting academic venture.
